LEGEND

- Product rated for Interior & Exterior use
- Applications & ANSI Technical Specifications do not apply
- Product rated for Interior use only
- * Special Order only
- † May be suitable for Exterior Floors

This product cannot be installed in high-heat areas or steam rooms. This product cannot be installed in exterior applications, wet areas, and/or high-heat areas.

The veneer of this product is copper which is subject to oxidation, rusting, scratching, and color changes over time. Do not use acidic or abrasive cleaners or cleaning pads and do not install in wet areas. The underbody of the product is made of ceramic tile and mesh. The product must be installed with premium modified neutral-colored thinset. Bedrosians recommends Laticrete 254 or comparable thinset. Use a non-sanded grout to prevent scratching.

Images and product samples are representative of a product's potential characteristics. There is no guarantee that the sample product or images will 100% match the product received. Field, mosaic, and trim tile may not be an exact match. Tiles are subject to variations in color, shade, size, surface texture and finish. Prior to installation, installer must blend tiles from several different boxes to achieve an even distribution of color range. Installer must conduct a dry mock layout under proper lighting conditions prior to installation. It is the consumer's responsibility to inspect the product prior to installation to ensure satisfaction. Once installed, the product is deemed accepted. Check Manufacturer's specifications as some Mosaic tiles may not be appropriate for wet applications. Reference the most current TCNA Handbook, ANSI, Manufacturer's specifications, and Bedrosians Care & Maintenance guide for installation, outdoor use, care and maintenance information. Improper installation, application, use, care and maintenance voids warranty. We reserve the right to make changes to product specifications at any time without notice. Please visit www.bedrosians.com for current product information.
