Technical Specifications	Results	ASTM#
Water Absorption	≤ 0.50%	C373
PEI Rating	4	C1027
Scratch Resistance	7	MOHS
Frost Resistant	N/A	C1026
DCOF Acutest	≥ 0.42	N/A
Breaking Strength	≥ 250 lbs	C648
Chemical Resistant	Unaffected	C650

Do not install in pools, spas/hot tubs, and/or submerged applications.

The maximum allowable installation offset is 33%. Minimum grout joint must be 3/16 inch. Please refer to the most current TCNA Handbook. Manufacturer strongly recommends use of a leveling system during installation.

Images and product samples are representative of a product's potential characteristics. There is no guarantee the sample product or images will 100% match the product received. Field and trim tile may not be an exact match. We reserve the right to make changes to product specifications at any time without notice. Tiles are subject to variations in color, shade, sizing, surface texture and finish. Prior to installation, installer must blend tiles from several different boxes to achieve an even distribution of color range. Installer must conduct a dry mock layout under proper lighting conditions prior to installation. It is the consumer's responsibility to inspect the product prior to installation to ensure satisfaction. Once installed, the product is deemed accepted. Reference the most current TCNA Handbook, ANSI, manufacturer's specifications, and Bedrosians Care & Maintenance guide for installation, outdoor use, care and maintenance information. Improper installation, application, and use voids warranty.
